FOR IMMEDIATE RELEASE

Sedgwick County Assembly on Public Health Surveys Mailed

(Sedgwick County, Kansas) - In a news conference this afternoon, Sedgwick County Commissioners announced that 25,000 surveys have been mailed to Sedgwick County citizens as part of the Sedgwick County Assembly partnership. The surveys are designed to help understand citizens' perspectives about public health issues and how public tax dollars should be invested with the long-term well-being of Sedgwick County citizens' in mind.

Commissioners urged those citizens' that receive a survey to fill them out and return them by the Martin Luther King holiday, January 19. Those citizens that do not receive a survey, but would like to share their opinions are asked to visit the on-line public forum at www.sedgwickcounty.org.

"We need the help and input of our citizens," said Sedgwick County Commission Chairman Tim Norton. "The results of this survey will help us make decisions about the future of the health programs that we provide for our community."
